Highlights of the month

In **term life**, the premiums written grew 16.8% YoY, led by the premiums written related to policy renewal.

The **credit life** insurance decreased 36.2% YoY, still impacted by the reduction of the average premiums written, explained by the new portfolio for individuals launched in October 2020, which overshadowed the growth in the number of policies sold.

Rural insurance once again registered strong growth (33.0% YoY), with improvements in all business lines, driven by the higher amount of working capital loans released to finance the crop.
