Highlights

The premiums written from **term life** insurance decreased 3.6% YoY.

On the other hand, the **credit life** insurance was up 24.9% compared to September/23, resulting from commercial incentive campaigns and an increase in the limits of civil servants' salaries consumption by the installments of payroll credit in some municipalities.

The premiums from **rural** segment increased 7.5%, performance mostly explained by the higher volume in rural lien (+38.8%) and credit life for farmers (+16.9%) partially offset by the lower volume in crop insurance (-19.1%).
